

H.P.E Water Jetting Training

The training division of Hydro Project Engineering Ltd.

HIGH PRESSURE WATER JETTING COURSES!

We provide training that leads to certification in all aspects of High Pressure Water Jetting and Power Washer Cleaning as initiated and regulated by THE WATER JETTING ASSOCIATION (WJA).

POWER WASHING COURSES

Objectives:

This course is designed for experienced operators and new starters alike. It aims to ensure that your operators are aware of the risks involved in the use of power washing equipment used in a wide range of applications.

WE ARRANGE NATIONAL COVERAGE

Offering training at your premises or at a convenient venue in your locality. We have trainers based in Derby to provide this national coverage.

PRACTICAL SKILLS TRAINING

**For High and Ultra High Pressure
Water Jetting**

We pride ourselves on offering the training most suited to your line of business to increase the safety skills of your employees in the workplace by working to the only recognised CODE OF PRACTICE for the water jetting industry. We are also able to assess NVQ and City & Guilds modules in water jetting for cleaning qualifications.

DON'T LET YOUR WORKFORCE BE IN BREACH OF THE HEALTH AND SAFETY AT WORK ACT. PHONE TODAY FOR MORE INFORMATION: -
